

DISABILITY HOUSING ACCOMMODATIONS PROCEDURES & GUIDELINES COLUMBIA COLLEGE AND COLUMBIA ENGINEERING UNDERGRADUATE STUDENTS

Columbia University recognizes that students with disabilities may require a specific type of housing to fully participate in the residential component of the university experience. For these students, Columbia provides disability housing accommodations in accordance with the Americans with Disabilities Act as amended (ADA AA). A disability is defined under the ADA AA as any mental or physical impairment that substantially limits the individual in a major life activity compared to the average person. The University has established the following procedures to ensure that students with disabilities have equal access to Columbia housing.

Please note the following about the procedures:

- Students must be eligible for University housing in order to be eligible for disability housing accommodations; this means having guaranteed housing status at Columbia College or Engineering.
- Students with service animals, or those requesting permission to have an assistance animal in housing, should also refer to the University's Service and Assistance Animal Policy (http://health.columbia.edu/files/healthservices/pdf/Disability_AnimalPolicy.pdf), for complete information about related policy, procedures, and expectations.
- Students who wish to have either "live-in" or per-diem personal care assistants (PCAs) must be approved for this accommodation before bringing their PCAs to campus.
- Columbia College and Columbia Engineering Students must re-apply for disability housing accommodations each year and submit new disability documentation.

Procedures for Requesting Housing Accommodations:

1. Students must follow general housing procedures, and should consult Columbia Housing for this information (<http://www.columbia.edu/cu/housing/> 212.854.2946).
2. Students must submit a completed *Request Form for Disability Housing Accommodations* (attached), a personal statement describing their disability and their need for the housing they are requesting, and disability documentation.

Disability documentation must:

- a. Meet requirements outlined in Disability Services' disability documentation guidelines for the student's disability type (refer to www.health.columbia.edu/ods for guidelines).
- b. Be sufficient to establish a direct link between the underlying condition and the requested housing accommodation(s).
- c. If requesting housing accommodations due to asthma or allergy conditions, submit a completed *Verification of Disability Form for Asthma and Allergy Conditions* (refer to www.health.columbia.edu/ods for this form).

All required items must be sent to:

Columbia Health
Disability Services
Wien Hall, 1st Floor Suite 108A
411 W. 116th Street, MC 3714
New York, NY 10027
Fax: 212.854.3448 or Email: disability@columbia.edu

Incomplete applications or those without disability documentation will not be considered.

3. **Committee Review:** Requests are considered by the Committee on Disability Housing Accommodations, which is comprised of staff from the offices of Disability Services, Columbia Housing, and Residential Programs, and several of Columbia's staff physicians. The Committee evaluates, among other things, the student's disability status, the necessity of the requested accommodations, potential alternative accommodations, and what, if any, housing accommodations would be appropriate for the student. Students are informed of the status of their request by email within one week of the Committee's review. The Committee meets once per month, generally on the first Tuesday of the month.
4. **Deadlines:** All requests for disability housing accommodations, along with all of the required documentation and forms referenced above, must be submitted by the following dates:
 - a. **Incoming first year Columbia College and Columbia Engineering students:** May 1st for the Fall semester and November 1st for the Spring semester
 - b. **New Columbia Engineering Combined-plan Transfer students:** June 30th for Fall semester and November 1st for Spring semester.
 - c. **All other Columbia College and Columbia Engineering students:** February 1st for the following Fall semester and November 1st for the Spring semester

While applications submitted after these dates will be accepted and considered, Columbia cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

5. **Housing Assignment:** Columbia College and Columbia Engineering undergraduates who have been approved for disability housing accommodations are not eligible to participate in the Housing Lottery/Room Selection process and will receive a housing assignment with the approved accommodations. Please note that housing assignments are binding for the applicable housing period. A student who requests disability housing accommodations through this process cannot decline an assignment in favor of Room Selection participation. Requests for room changes to another location will be considered during the Columbia Housing transfer period(s).

Students requesting to live with a roommate or a group of students in suite style housing must indicate this on their *Request Form for Disability Housing Accommodations* and identify by name the students they wish to live with.

6. **Appeal Procedures:** Students who are not granted housing accommodations through this process will have the opportunity to appeal the Committee's decision. If a decision denying the request for disability housing accommodations is made, students will receive information about the appeals process with their decision letter. All requests for appeal are reviewed by Dr. Samuel Seward, Assistant Vice President of Columbia Health. Students not approved for disability housing accommodations, or whose appeal is denied may apply for an assignment or a transfer through standard housing procedures. Students should contact Columbia Housing (<http://www.columbia.edu/cu/housing/> 212.854.2946) for information about this process.

For questions or clarification about this process, please contact Disability Services at disability@columbia.edu, 212.854.2388.

**REQUEST FORM FOR DISABILITY HOUSING ACCOMMODATIONS
COLUMBIA COLLEGE AND COLUMBIA ENGINEERING STUDENTS**

Please refer to the *Disability Housing Accommodations Procedures* for the complete process for requesting disability-related housing accommodations, including deadlines. Students must follow these procedures and provide all of the required information in order to be considered for disability housing accommodations.

Disability Evacuation Assistance Registration Form

Students whose disabilities, chronic conditions, or temporary injuries may interfere with their ability to evacuate their residence halls or university apartments unassisted in the event of an emergency or evacuation, are encouraged to alert Disability Services (DS) by completing this form. This information will be shared with Columbia's offices of Public and Fire Safety, Residential Programs, Housing, and the local Fire Department of New York (FDNY).

Students with evacuation assistance needs are advised to contact the Department of Public Safety Office of Fire and Life Safety at 212.854.6670, or 212.854.6676, for individual emergency preparedness and planning consultation. Additionally, students are advised to learn the evacuation plans and routes for their residential and academic buildings.

Individuals with disabilities may be at greater risk during evacuations. The research shows that self-awareness and preparedness affords individuals the best chance for a safe evacuation. DS strongly encourages all students who believe that their conditions may interfere with their safe evacuation to take full advantage of the Public Safety's Office of Fire and Life Safety preparedness training. A useful guide to consult is the "Emergency Evacuation Preparedness Guide" for individuals with disabilities which is available on the web at <http://www.cdihp.org/evacuation/toc.html>

Confidentiality & Release of Information

Confidentiality:

The University recognizes that student disability records contain confidential information and as such documentation of a student's disability is maintained in a confidential file at Disability Services (DS). Although, disability and accommodation records are considered part of the student's educational record, documentation concerning disabilities is separate from the student's general academic record. Eligibility for disability accommodations will not appear on your transcript.

DS will maintain the confidentiality of all student records as required or permitted by law. Procedures for handling student information have been adopted by DS and are rigorously followed by the DS staff. Students are informed of their confidentiality rights during their first meeting with DS.

Please note that this document will serve as written authorization under the University's Family Educational Rights and Privacy Act (FERPA) policy for disclosure to appropriate faculty and staff of one's status as a registered student with DS. Under this federal law, in some circumstances, prior written consent by the student may be required before DS may release disability documentation and/or records. This document will serve as written authorization for DS to share information as needed in order to effectuate your accommodation request. Any disclosure and/or discussion of disability-related information is used to guide DS for the purpose of coordinating and administering requested accommodations. Your signature below confirms that you understand that this authorization will be deemed effective for the entire period you are enrolled at Columbia University (and/or at an affiliated institution) and seek the assistance of DS, unless you otherwise affirmatively revoke your authorization in writing to DS. This authorization begins at the time this form is submitted and applies during times away from Columbia including, but not limited to breaks between semesters, medical leave, studying abroad, etc.

To facilitate your request for accommodations, DS may provide information about your accommodation request and disability-related needs to University officials who have a legitimate educational interest in obtaining the information, including the following persons as deemed necessary:

- [DS Liaison](#) (Designated administrators in various programs throughout the University.)
- Columbia Health/CUMC Student Health Services
- Counseling and Psychological Services/Student Mental Health Service
- Advising Dean/Deans
- Faculty/Administrators
- Clinical Preceptors/Field Instructors
- Athletics department
- Other school officials

Disclosures to Third Parties

- To provide your written consent to disclose medical/disability-related information or medical documents to third parties (outside the University) that you specify, you must submit the [Disability Services Release Form](#).
- The signing of the Release Form does not automatically extend to parents or other family members. If you wish to grant permission for DS to communicate with your parents or other family members, the names of such individuals must be included in the Release Form.
- A student's file may be released pursuant to a court order or subpoena. In addition, a student may give written authorization for the release of educational information when the student wishes to share it with others. Before giving such authorization, the student should understand the information being released, the purpose of the release, and to whom the information is being released.
- When a student expresses intent of harm to self or others, Disability Services will contact Counseling and Psychological Services (Morningside), Student Mental Health Service (CUMC) or Public Safety/NYC Emergency Services.
- Disability Services will fulfill its reporting obligation in the event of suspected child abuse or maltreatment as outlined in the University Protection of Minors policy: <http://compliance.columbia.edu/minors.html>
- University administrators who learn of suspected instances of discrimination, including instances related to disability, have a duty to refer the information immediately to the Office of Equal Opportunity and Affirmative Action. These procedures are intended to ensure a safe and nondiscriminatory employment and educational environment and comply with applicable law.

Guidance for Students

Your signature below indicates that you have read this information, that you understand the role of the above parties in implementing accommodation(s) based on your documented needs, and that you are hereby authorizing DS to share your disability-related information with the appropriate University officials for the purpose of addressing your accommodation needs.
