

## Uploading your past influenza vaccine record

Use this space to upload your information for influenza vaccines that were received off-campus. We are accepting vaccinations dated on or after August 1, 2020.

- Please use the Columbia Health Patient Portal – [secure.health.columbia.edu](https://secure.health.columbia.edu)
- After log in, select Medical Clearances from the left side menu

- Select 'Update' for the 'influenza vaccine' entry

- Enter the date you received your influenza vaccine and click Done

### Influenza

Doses of Influenza Vaccine

|---------------------------------------|-----------------------------------------------------------------------|
| Date                                  | Vaccine1                                                              |
| <input type="text" value="9/1/2020"/> | <input type="text" value="Flu (INFLUENZA(inactivated/recombinant))"/> |

- Your entry will change to Awaiting Review

- Under 'Immunization Record' please upload the record of your influenza vaccine and any other compliance immunizations.
- 'Additional Uploads' is available if you have already submitted past immunization records.
- If your influenza vaccine is listed alongside other immunizations in your immunization record there is no need to resubmit.
- Please allow up to 10 business days for processing and verification of the upload.

Be well,  
Columbia Health
